1 Nature of operations and fiscal year

Nature of operations

SIR Corp. (the Company) is a private company amalgamated under the Business Corporations Act of Ontario. As at February 15, 2015, the Company operated a total of 58 (February 9, 2014 - 56) Concept and Signature restaurants in Canada (in Ontario, Quebec, Alberta, Nova Scotia and Newfoundland) (the SIR Restaurants). The Concept restaurants are Jack Astor's Bar and Grill® (Jack Astor's®), Canyon Creek Chop House® (Canyon Creek®) and Alice Fazooli's®/Scaddabush Italian Kitchen & Bar® and the Signature restaurants are Reds® Wine Tavern, Reds® Midtown Tavern, Far Niente®/FOUR®/Petit Four® and the Loose Moose Tap & Grill®. The Company also operates a Duke's Refresher™ & Bar and two seasonal restaurants: Abbey's Bakehouse® and Duke's Refresher™, in addition to one seasonal Abbey's Bakehouse retail outlet, which are not currently part of Royalty Pooled Restaurants (note 4(b)).

On October 1, 2004, SIR Royalty Income Fund (the Fund) filed a final prospectus for a public offering of units of the Fund. The net proceeds of the offering of $51,167,000 were used by the Fund to acquire certain bank debt of the Company (the SIR Loan) (note 4(a)) and, indirectly through SIR Holdings Trust (the Trust), all of the Ordinary LP Units of the SIR Royalty Limited Partnership (the Partnership). On October 12, 2004, the Partnership acquired from the Company the Canadian trademarks used in connection with the operation of the majority of the Company's restaurants in Canada (note 4).

The address of the Company's registered office is 5360 South Service Road, Suite 200, Burlington, Ontario. The interim consolidated financial statements were approved by the board of directors on March 25, 2015.

Fiscal year

The Company's fiscal year is made up of 52- or 53-week periods ending on the last Sunday in August. The fiscal quarters for the Company consist of accounting periods of 12, 12, 12 and 16 or 17 weeks, respectively. The fiscal years for 2015 and 2014 consist of 52 and 53 weeks, respectively.

2 Summary of significant accounting policies

Basis of presentation

The Company prepares its condensed interim consolidated financial statements in accordance with International Financial Reporting Standards (IFRS) for interim financial reporting, including International Accounting Standard 34, Interim Financial Reporting. The disclosures contained in these interim consolidated financial statements do not include all requirements of IFRS for annual consolidated financial statements and should be read in conjunction with the August 31, 2014 annual consolidated financial statements and notes thereto. The accounting policies as applied in these interim consolidated financial statements are consistent with those followed in the August 31, 2014 audited annual consolidated financial statements, except for the adoption of the following new pronouncements.

(in Canadian dollars)

IAS 24, Related Party Transactions

IAS 24, Related party transactions has been amended to (i) revise the definition of "related party" to include an entity that provides key management personnel services to the reporting entity or its parent, and (ii) clarify related disclosure requirements. Management has determined that the adoption of this standard has no impact on the interim consolidated financial statements.

IAS 36, Impairment of assets - Disclosures

Limited scope amendments have been made to disclosure requirements in IAS 36, Impairment of Assets. Management has determined that the adoption of this standard has no impact on the interim consolidated financial statements.

IFRIC 21, Accounting for levies imposed by governments

IFRIC 21 clarifies that the obligating event giving rise to a liability to pay a levy is the activity described in the relevant legislation that triggers payment of the levy. Management has determined that the adoption of this standard has no impact on the interim consolidated financial statements.

Seasonality

The financial performance of the Company for the interim period is not necessarily indicative of the results that may be expected for the full year due to the seasonality of the Company's business. The full service restaurant sector of the Canadian foodservice industry in which the Company operates experiences seasonal fluctuations in revenues. Favourable summer weather generally results in increased revenues during the Company's fourth quarter (ending the last Sunday in August) when patios can be open. Additionally, certain holidays and observances also affect dining patterns both favourably and unfavourably.

(in Canadian dollars)

3 Long-term debt

The Company has a credit facility that consists of a term loan (the Term Loan) and three development loans. On June 23, 2014, the Company entered into a Third Amended and Restated Loan Agreement (the Credit Agreement) that includes the Term Loan and the Tranche A and Tranche B Development Loans which were outstanding as at February 9, 2015 and provided for contemplated financing of $6.0 million (Tranche C Development Loan). All loans under the Credit Agreement are due on November 14, 2016. The Term Loan and the Tranche A Development Loan have a variable interest rate equal to the greater of 6.0% per annum and the three-month Canadian dollar bankers' acceptance rate plus 5.75% per annum. The Tranche B Development Loan has a variable rate equal to the greater of 5.9% per annum and the three-month Canadian dollar bankers' acceptance rate plus 5.65% per annum. The Company can also elect to fix the interest rate. The amortization periods for the Term Loan is ten years whereas the Tranche A Development Loan and the Tranche B Development Loan are seven years.

The lender has made available the Tranche A and Tranche B Development Loans to the Company only for the purpose of financing: (a) costs incurred in connection with the acquisition of furniture, fixtures, equipment and leasehold improvements relating to new locations; and (b) renovations and capital expenditure costs relating to existing locations. The Tranche A Development Loan and Tranche B Development Loan have been fully drawn and no further advances are permitted.

The Tranche C Development Loan was not to exceed $6.0 million. No draws were made on the Tranche C Development Loan and the draw down date has expired.

The Credit Agreement is collateralized by a general security agreement and entitles the lender to a first charge on all of the Company's assets, including a pledge of all shares and the investment in the Partnership and a specific assignment of the rights under the License and Royalty Agreement. However, the lender does not have a pledge over the assets of the Partnership. The Partnership and the Fund did not guarantee the Credit Agreement. The Credit Agreement contains certain financial and non-financial covenants that the Company is in compliance with as at February 15, 2015. In addition, the debt is guaranteed by a company owned by the majority shareholder of the Company (a related party), for which guarantee fees of $41,000 and $83,000 for the 12-week and 24-week periods ended February 15, 2015, respectively (12-week and 24-week periods ended February 9, 2014 - $48,000 and $135,000, respectively) were charged to interest (income) and other expense (income) - net in the consolidated statements of operations and comprehensive income (loss). On November 13, 2009, the Company also issued 26 warrants to the majority shareholder of the Company to acquire Class S Special Shares of the Company. These warrants have been pledged to the senior lender and only exercisable in the event of default.

The Company has recorded its long-term debt at amortized cost. The Company has netted the financing fees against the respective debt and amortizes these costs over the expected life of the long-term debt using the effective interest rate method. Unamortized financing fees netted against the debt as at February 15, 2015 were $563,000 (August 31, 2014 - $676,000).

4 SIR Royalty Income Fund

The following is a summary of the transactions with the Fund and the Partnership:

a) Loan payable to SIR Royalty Income Fund (the SIR Loan)

The $40,000,000 SIR Loan is payable to the Fund and bears interest at 7.5% per annum and is due October 12, 2044. On August 23, 2013, the Company, the Fund and the Partnership entered into an Amended and Restated Subordination and Postponement Agreement to subordinate and postpone their claims against the Company in favour of the lender. The Fund and the Partnership have not guaranteed the Amended Credit Agreement (note 3).

The long-term debt is permitted indebtedness within the meaning of the agreements between the Fund, the Partnership and the Company and, as a result, the Fund and the Partnership have, as contemplated in the existing agreements, subordinated and postponed their claims against the Company to the claims of the lender. This subordination, which includes a subordination of the Partnership's rights under the License and Royalty Agreement between the Partnership and the Company, whereby the Partnership licenses to the Company the right to use the trademarks and related intellectual property in return for royalty payments based on revenues, has been effected pursuant to the terms of the Amended and Restated Subordination and Postponement Agreement.

Under the Amended and Restated Subordination and Postponement Agreement, absent a default or event of default under the Amended Credit Agreement, ordinary payments to the Fund and the Partnership can continue and the Partnership can exercise any and all of its rights to preserve the trademarks and related intellectual property governed by the License and Royalty Agreement. However, if a default or an event of default were to occur, then payments to the Fund and the Partnership could cease and the related rights of the Fund and the Partnership could be subject to a "standstill" obligation for a period of up to 120 days (which may be extended if the lender is pursuing remedies). The Amended and Restated Subordination and Postponement Agreement also contains various other typical covenants of the Fund and the Partnership. In addition, the Company provided an undertaking to the Fund and the Partnership to restrict the amount of additional debt that the Company can incur without the consent of the Fund and the Partnership (which consent shall not be unreasonably withheld).

Interest expense charged to the consolidated statements of operations and comprehensive income (loss) for the 12-week and 24-week periods ended February 15, 2015 was $699,000 and $1,397,000, respectively (12-week and 24-week periods ended February 9, 2014 - $698,000 and $1,396,000, respectively), which includes interest on the SIR Loan of $691,000 and $1,381,000, respectively (12-week and 24-week periods ended February 9, 2014 - $691,000 and $1,381,000, respectively) and amortization of financing fees of $8,000 and $16,000, respectively (12-week and 24-week periods ended February 9, 2014 - $7,000 and $15,000. respectively). Interest payable on the SIR Loan as at February 15, 2015 was $381,000 (August 31, 2014 - $250,000).

(in Canadian dollars)

The Company has the right to require the Fund to indirectly purchase its Class C GP Units of the Partnership and assume a portion of the SIR Loan as consideration for the acquisition of the Class C GP Units.

Partnership royalty income is 6% of Pooled Revenue in accordance with the License and Royalty Agreement, plus a Make-Whole Payment for the closed restaurants, if any.

On October 12, 2004, the Partnership issued Ordinary LP and GP Units to the Fund for cash consideration of $11,167,000. The Fund has also acquired Class A LP Units upon SIR's conversion of its Class A GP

(in Canadian dollars)

Units into Fund units, through a series of transactions taking place in fiscal years 2013, 2014 and during the 24-week period ended February 15, 2015. The holders of the Ordinary LP Units and the Class A LP Units are entitled to receive a pro rata share of all residual distributions of the Partnership. The distributions are declared by the board of directors of SIR GP Inc., which is controlled by the Fund. Accordingly, the Ordinary LP Units and Class A LP Units of the Partnership have been classified as a financial liability in the consolidated statements of financial position. The Ordinary LP Units and the Class A LP Units are accounted for at amortized cost, with changes in the carrying value of Ordinary LP Units and Class A LP Units of the Partnership recorded in the consolidated statements of operations and comprehensive income (loss).

During the 12-week and 24-week periods ended February 15, 2015, distributions of $1,971,000 and $3,843,000, respectively (12-week period and 24-week periods ended February 9, 2014 - $1,500,000 and $3,190,000, respectively) were declared to the Fund through the Partnership. Distributions paid during the 12-week and 24-week periods ended February 15, 2015 were $2,363,000 and $3,744,000, respectively (12-week and 24-week periods ended February 9, 2014 - $2,447,000 and $4,336,000, respectively). The Fund, indirectly through the Trust, is entitled to receive a pro rata share of all residual distributions. Distributions payable to SIR Royalty Income Fund as at February 9, 2014 was $3,425,000 (August 31, 2014 - $3,326,000).

The Company, as the holder of the Class A GP Units, is entitled to receive a pro rata share of all residual distributions of the Partnership and the Class A GP Units are exchangeable into units of the Fund.

On November 5, 2014, the lender released the security it held on 350,000 Class A GP Units of the Partnership (and any Fund units received upon conversion of Class A GP Units of the Partnership) and required that all sale proceeds be used to fund the costs associated with constructing new restaurants and renovating existing restaurants. On November 19, 2014, the Company converted 350,000 Class A GP Units to Fund units and sold these Fund units for net proceeds of $4,268,000, net of estimated transaction costs of $142,000.

The gross proceeds from the above transaction, net of certain transaction costs were deposited in an account restricted by the lender and accordingly, is classified as restricted cash in the consolidated statements of financial position. During the 12-week and 24-week periods ended February 15, 2015, $2,284,000 and $4,284,000, respectively (12-week and 24-week periods ended February 9, 2014 - $nil and $3,041,000, respectively) has been drawn from this restricted account. The funds are released upon the Company presenting eligible capital expenditures to the lender. As at February 15, 2014, $nil is held in this account (August 31, 2014 - $1,000).

The Class A LP Units of the Partnership are classified as a financial liability in the consolidated statements of financial position. Accordingly, the gross proceeds received of $4,410,000 (12-week period ended February 9, 2014 - $nil) were added to the carrying value of the Class A LP Units. As the Fund's interest in the Partnership has increased, this transaction is not dilutive to the Fund. The Fund has converted the Class A GP Units received into Class A LP Units. The holders of the Class A LP Units are entitled to receive a pro rata share of all residual distributions of the Partnership. These dispositions of the Fund units are accounted for as non-cash transactions in the consolidated statements of cash flows.

(in Canadian dollars)

The Partnership owns the SIR Rights formerly owned or licensed by the Company or its subsidiaries and used in connection with the operation of the majority of the Company's restaurants in Canada. In 2004, the Partnership granted the Company a 99-year licence to use the SIR Rights in most of Canada in consideration for a royalty, payable by the Company to the Partnership, equal to 6% of the revenue of the Royalty Pooled Restaurants (the License and Royalty Agreement).

Under the terms of the License and Royalty Agreement, the Company may be required to pay a Make-Whole Payment in respect of the reduction in revenue for restaurants closed during a reporting period. The Company is not required to pay any Make-Whole Payment in respect of a closed restaurant following the date on which the number of restaurants in the Royalty pool is equal to or greater than 68 or following October 12, 2019, whichever occurs first. On January 1 of each year (the Adjustment Date), the restaurants subject to the License and Royalty Agreement are adjusted for new SIR Restaurants opened for at least 60 days preceding such Adjustment Date. At each Adjustment Date, the Company will be entitled to convert its Class B GP Units to Class A GP Units based on the formula defined in the Partnership Agreement. Additional Class B GP Units may be converted to Class A GP Units in respect of these new SIR Restaurants if actual revenues of the new SIR Restaurants exceed 80% of the initial estimated revenue. Conversely, converted Class A GP Units may be returned by the Company if the actual revenues are less than 80% of the initial estimated revenue. In December of each year, an additional distribution will be payable to the Class B GP unit holders based on actual revenues of the new SIR Restaurants exceeding 80% of the initial estimated revenue or there may be a reduction in the distributions to the Class A GP unit holders if revenues are less than 80% of the initial estimated revenue.

On January 1, 2015, two (January 1, 2014 - four) new SIR Restaurants were added to Royalty Pooled Restaurants in accordance with the Partnership Agreement. As consideration for the additional Royalty associated with the addition of two new SIR Restaurants on January 1, 2015 (January 1, 2014 - four), as well as the Second Incremental Adjustment for four new SIR Restaurant added to Royalty Pooled Restaurants on January 1, 2014 (January 1, 2013 - four), the Company converted its Class B GP Units into Class A GP Units based on the formula defined in the Partnership Agreement The net effect of these adjustments to Royalty Pooled Restaurants was that the Company converted 347,000 (January 1, 2014 - 803,000) Class B GP Units into 347,000 (January 1, 2014 - 803,000) Class A GP Units on January 1, 2015 at an estimated fair value of $4,454,000 (January 1, 2014 - $11,436,000).

In addition, the revenues of the four new SIR Restaurants added to Royalty Pooled Restaurants on January 1, 2014 were less than 80% of the Initial Adjustment's estimated revenue (January 1, 2013 – four new SIR Restaurants exceeded 80% of the Initial Adjustment's estimated revenue) and, as a result, the distributions on the Class A GP Units were reduced by a special conversion refund of $5,000 in December 2014 and paid in January 2015 (a special conversion distribution of $169,000 was declared in December 2013 and paid in January 2014).

As at February 15, 2015, after the effect of the November 19, 2014 conversion of the Class A GP Units into Fund units and after the net effect of the adjustments to Royalty Pooled Restaurants on January 1, 2015, the Company's residual interest in the Partnership is 24.6% (August 31, 2014 – 25.5%). The Company continues to maintain control of the Partnership and, therefore, continues to consolidate the Partnership.
