### 1 Nature of operations and seasonality

#### Nature of operations

SIR Royalty Limited Partnership (the Partnership) is a limited partnership formed under the laws of the Province of Ontario, Canada.

On October 1, 2004, SIR Royalty Income Fund (the Fund) filed a final prospectus for a public offering of units of the Fund. The net proceeds of the offering to the Fund of \$51,166,670 were used by the Fund to acquire, directly, certain bank debt of SIR Corp. (the SIR Loan) and, indirectly, through SIR Holdings Trust (the Trust), all of the Ordinary LP Units of the Partnership. The Partnership owns the Canadian trademarks (the SIR Rights) formerly owned or licensed by SIR Corp. (SIR) or its subsidiaries and used in connection with the operation of the majority of SIR's restaurants in Canada (the SIR Restaurants). The Partnership has granted SIR a 99-year licence to use the SIR Rights in most of Canada in consideration for a Royalty, payable by SIR to the Partnership, equal to 6% of the revenues of the restaurants included in the Royalty Pooled Restaurants (the Licence and Royalty Agreement).

The address of the Partnership's registered office is 5360 South Service Road, Suite 200, Burlington, Ontario. The financial statements were approved by the Board of Directors of SIR GP Inc. on May 6, 2026.

#### Seasonality

The full-service restaurant sector of the Canadian food-service industry, in which SIR operates, experiences seasonal fluctuations in revenues. Favourable summer weather generally results in increased revenues during SIR's fourth quarter (ending the last Sunday in August) when patios can be open. Additionally, certain holidays and observances also affect dining patterns, both favourably and unfavourably. Accordingly, royalty income recognized by the Partnership will vary in conjunction with the seasonality in revenues experienced by SIR.

### 2 Basis of presentation

The Partnership prepares its condensed interim financial statements in accordance with International Financial Reporting Standards as issued by the International Standards Board (IFRS Accounting Standards), applicable to the preparation of interim financial statements, including International Accounting Standard (IAS) 34, Interim Financial Reporting. The disclosures contained in these interim consolidated financial statements do not include all requirements of IFRS Accounting Standards for annual consolidated financial statements and should be read in conjunction with the 2025 and 2024 audited annual consolidated financial statements and notes thereto. The financial performance of the Fund for the interim period is not necessarily indicative of the results that may be expected for the full year due to the seasonality of the Fund's business.

#### IFRS 9 and IFRS 7, Classification and Measurement of Financial Instruments

On May 30, 2024, the IASB issued targeted amendments to IFRS 9, 'Financial Instruments', and IFRS 7, 'Financial Instruments: Disclosures'. The amendments respond to recent questions arising in practice and include new requirements not only for financial institutions but also for corporate entities. These new

---

requirements have been applied from January 1, 2026, on a modified retrospective method. Comparative figures have not been restated. As part of the Partnership's implementation of the IFRS 9 amendments, management reviewed the classification of certain cash-related financial liabilities, including outstanding cheques issued but not yet settled. Historically, outstanding cheques were included within cash.

Under the amended guidance, the Partnership determined that outstanding cheques represent a contractual obligation to deliver cash that meets the definition of a financial liability until settlement occurs. As a result, the Partnership now presents outstanding cheques as an increase to accounts payable, rather than as part of cash. The adoption of this new requirement resulted in a \$77,000 increase to cash and accounts payable in the condensed interim statements of financial position, and a \$77,000 increase in the net change in non-cash working capital items in the condensed interim statements of cash flows. The estimated impact on the comparative figures, had the new requirement been applied, would have been a \$31,000 increase to cash and accounts payable in the condensed interim statements of financial position and a \$31,000 increase in the net change in non-cash working capital items in the condensed interim statements of cash flows.

### IFRS Standards not yet adopted

#### IFRS 18, Presentation and Disclosure in Financial Statements

On April 9, 2024, the IASB issued a new standard – IFRS 18, 'Presentation and Disclosure in Financial Statements' – in response to investors' concerns about the comparability and transparency of entities' performance reporting. The new requirements introduced in IFRS 18 will help to achieve comparability of the financial performance of similar entities, especially related to how 'operating profit or loss' is defined. The new disclosures required for some management-defined performance measures will also enhance transparency. The new standard will be effective for annual reporting periods beginning on or after January 1, 2027, including for interim financial statements. At this stage, the Partnership is evaluating the impact of the amendment on the condensed interim financial statements.

### 3 Intangible assets

SIR Rights – Beginning of year	99,075,730	91,994,795

SIR Rights – End of year	<u>101,512,512</u>	<u>99,075,730</u>

The Partnership reviews the SIR Rights for indicators of impairment or whether there is any indication that an impairment loss recognised in prior periods, for an asset other than goodwill, may no longer exist or may have decreased. If any such indication exists, the Partnership estimates the recoverable amount of the SIR Rights to determine whether the carrying amount of the assets should be adjusted. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use (being the present value of the expected future cash flows of the asset, as determined by management). A reversal of previous impairment losses is recognized when

the recoverable amount of the SIR Rights is higher than the carrying value. As at March 31, 2026, management did not note any indicators of impairment.

### 4 Partners' interest

The authorized and issued capital of the Partnership consists of the following:

Generally, the Partnership units have no voting rights, except in certain specified conditions.

#### Ordinary LP Units and Ordinary GP Units

The holders of the Ordinary LP Units are entitled to receive a pro rata share of all residual distributions.

The Ordinary GP Units have the right to receive distributions of \$5 per month in aggregate.

SIR GP Inc., a direct subsidiary of the Fund, holds 99 Ordinary GP Units and is the Managing General Partner. SIR holds the remaining Ordinary GP Unit and is the General Partner. The Fund and SIR have an 80% and 20% interest in the common shares of SIR GP Inc., respectively.

SIR Holdings Trust, a direct subsidiary of the Fund, holds all of the issued Ordinary LP Units.

#### Class A GP Units, Class A LP Units and Class B GP Units

The holders of the Class A GP Units are entitled to receive a pro rata share of all residual distributions, and the Class A GP Units are exchangeable into units of the Fund. The holders of the Class A LP Units are entitled to receive a pro rata share of all residual distributions.

Class B GP Units are convertible into Class A GP Units based on a conversion formula defined in the Partnership Agreement for each new restaurant opened in the previous fiscal year. On dissolution of the Partnership, the Class B GP Units are entitled to receive \$10 in aggregate.

## Notes to the Condensed Interim Financial Statements

(Unaudited)

March 31, 2026 and December 31, 2025

---

On January 1 of each year, Class B GP Units are converted into Class A GP Units for new SIR Restaurants added to the Royalty Pooled Restaurants based on 80% of the initial estimated revenues and the formula defined in the Partnership Agreement. Additional Class B GP Units may be converted into Class A GP Units in respect of these new SIR Restaurants if actual revenues of the new SIR Restaurants exceeded 80% of the initial estimated revenues and the formula defined in the Partnership Agreement. Conversely, converted Class A GP Units would be returned by SIR if the actual revenues of the new SIR Restaurants are less than 80% of the initial estimated revenues. On January 1 of each year, SIR will reconvert the Class A GP Units received to Class B GP Units for the permanent closure of a SIR Restaurant.

In December of each year, an additional distribution will be payable to the Class B GP unitholders provided that actual revenues of the new SIR Restaurants exceed 80% of the initial estimated revenues, or there will be a reduction in the distributions to the Class A GP unitholders if revenues are less than 80% of the initial estimated revenues.

On January 1, 2026, one new SIR Restaurant was added (January 1, 2025 – four) to the Royalty Pooled Restaurants in accordance with the Partnership Agreement. As consideration for the additional Royalty associated with the addition of one new SIR Restaurant on January 1, 2026 (January 1, 2025 – four) as well as the Second Incremental Adjustment for the four new SIR Restaurants added to Royalty Pooled Restaurants on January 1, 2025 (January 1, 2024 – one), SIR converted its Class B GP Units into Class A GP Units based on the formula defined in the Partnership Agreement. In addition, there was a re-conversion of Class A GP Units into Class B GP Units for the permanent closure of one (January 1, 2025 – one) SIR Restaurant during 2025. The net effect of these adjustments to Royalty Pooled Restaurants was that SIR converted 124,306 Class B GP Units into 124,306 Class A GP Units on January 1, 2026 (January 1, 2025 – SIR converted 581,312 Class B GP Units into Class A GP Units), increasing the value of the SIR Rights by \$2,436,782 (January 1, 2025 – increasing the value of the SIR rights by \$7,080,935).

In addition, the revenues of the four (January 1, 2024 – one) new SIR Restaurants added to Royalty Pooled Restaurants on January 1, 2025 were greater than 80% of the Initial Adjustment's estimated revenue and, as a result, the distributions of the Class A GP Units were increased by a special conversion distribution of \$144,584 in December 2025 and paid in January 2026 (January 1, 2024 the revenues of the one new SIR Restaurant were greater than 80% of the Initial Adjustment's estimated revenue and, as a result, the distributions of the Class A GP Units were increased by a special conversion distribution of \$36,292 in December 2024 and paid in January 2025).

Effective January 1, 2026, SIR's residual interest in the Partnership is 16.82%.

Class A GP Units and Class B GP Units are held by SIR. Class A LP Units are held by SIR Holdings Trust, a direct subsidiary of the Fund.

### **Class C GP Units**

The holders of Class C GP Units are entitled to receive a cumulative preferential monthly cash distribution equal to \$0.063 per Class C GP Unit held, payable on the dates that distributions are paid on the units of the Fund.

## Notes to the Condensed Interim Financial Statements

(Unaudited)

March 31, 2026 and December 31, 2025

---

During the three-month period ended March 31, 2026, the Partnership earned royalty income of \$3,958,762 from SIR (three-month period ended March 31, 2025 – \$3,884,485). The Partnership's royalty income is determined based on 6% of the revenues from certain SIR Restaurants subject to the Licence and Royalty Agreement between the Partnership and SIR. SIR makes 13 Royalty payments based on SIR's 13 four- or five-week period fiscal year and, as such, royalty payments can fluctuate depending on how the four- or five-week periods coincide with the Partnership's calendar fiscal year. On January 1 of each year (the Adjustment Date), the restaurants subject to the Licence and Royalty Agreement are adjusted for new restaurants opened for at least 60 days preceding such Adjustment Date in the previous fiscal year. At each Adjustment Date, SIR will be entitled to convert its Class B GP Units into Class A GP Units based on the conversion formula defined in the Partnership Agreement (note 4).

On January 27, 2022, SIR began offering Renegade Chicken takeout and delivery services on a trial basis. Renegade Chicken offers a selection of fried chicken sandwiches, tenders, and wings, complemented by freshly cut in-house fries, and targets the growing consumer demand for fried chicken within the fast-casual dining sector. SIR has agreed to remit to the Partnership an amount equivalent to 6% of revenues earned from this trial. This program has been extended on multiple occasions, with the most recent extension covering eight Jack Astor's locations, occurring on August 7, 2024, thereby extending the trial period to August 31, 2025. SIR elected not to extend the trial on August 31, 2025.

The Partnership has entered into an arrangement with the Fund and the Trust whereby the Partnership will provide or arrange for the provision of services required in the administration of the Fund and the Trust. The Partnership has arranged for these services to be provided by SIR GP Inc. in its capacity as the Managing General Partner, or SIR as the General Partner. SIR, on behalf of SIR GP Inc., also provides services to the Partnership for its administration. For the three-month period ended March 31, 2026, the Partnership provided these services to the Fund and the Trust for consideration of \$6,000 (three-month period ended March 31, 2025 – \$6,000), which was the amount of consideration agreed to by the related parties.

## 7 Economic dependence

The partnership earns substantially all of its revenue from SIR; accordingly, the Partnership is economically dependent on SIR.

SIR has a Credit Agreement with a syndicate of two Schedule 1 Canadian chartered banks (the Lenders). The Credit Agreement provides for a three-year facility for a maximum principal amount of \$68,000,000 consisting of a \$5,000,000 revolving term credit facility (the Operating Facility), a \$38,000,000 revolving term loan (the Term Facility) and a \$25,000,000 non-revolving term loan (the Delayed Draw Facility). SIR and the Lender have also entered into a purchase card agreement providing credit of up to an additional \$1,500,000. The Term Facility was fully drawn at closing and was used to extinguish SIR's previous senior debt.

The Operating Facility is for general corporate and operating purposes, with full repayment due on May 15, 2028. As at March 31, 2026, \$nil was drawn on the Operating Facility.

The initial advance on the Term Facility is repayable in quarterly instalments of \$792,000, with the remaining outstanding principal balance due on May 15, 2028. Subsequent advances on the Term Facility may be requested (subject to availability and lender approval), in a minimum amount of \$1,000,000 and in multiples of \$100,000,

to finance capital spending on renovated restaurants. Each subsequent advance will be repayable in equal quarterly instalments based on a twelve-year amortization, with the remaining outstanding principal balance due on May 15, 2028. As at March 31, 2026, \$36,417,000 was drawn on the Term Facility.

The initial advance on the Delayed Draw Facility was \$912,000, repayable in quarterly instalments of \$21,000 with the first quarterly repayment to be made on August 28, 2026, and the remaining outstanding principal balance due on May 15, 2028. Subsequent advances on the Delayed Draw Facility may be requested (subject to availability and lender approval), in a minimum amount of \$250,000, to finance capital spending on new restaurants. Each subsequent advance will be subject to interest only payments for the first four quarters and interest plus principal repayable thereafter in equal quarterly instalments based on an eleven-year amortization, with the remaining outstanding principal balance due on May 15, 2028. As at March 31, 2026, \$912,000 was drawn on the Delayed Draw Facility.

The Operating Facility, the Term Facility and the Delayed Draw Facility bear interest at the prime rate and/or the term CORRA rate plus an applicable margin that is dependent on the Senior Net Funded Debt to Adjusted EBITDA Ratio. A standby fee, dependent on the Senior Net Funded Debt to Adjusted EBITDA Ratio, is charged on the undrawn balance of each facility.

Under the Subordination Agreement, absent any default or event of default under the New Credit Agreement, ordinary payments to the Fund and the Partnership can continue and the Partnership can exercise any and all of its rights to preserve the trademarks and related intellectual property governed by the License and Royalty Agreement. However, if a default or an event of default were to occur, the Fund and the Partnership agree not to take action on their security until the Lenders have been repaid in full. However, payments by SIR, to the Fund and the Partnership, will be permitted for such amounts as are required to fund their monthly operating expenses, up to an annual limit. In addition, the Fund, the Partnership and SIR will have the right, acting cooperatively, to reduce payments of Royalties and/or interest on the SIR Loan by up to 50% without triggering a cross default under the Credit Agreement, for a period of up to nine consecutive months. SIR and each obligor provided an undertaking to cooperate and explore all options with the Fund to maximize value to the Fund's unitholders and SIR and its shareholders in exchange for the Subordinating Parties not demanding repayment or enforcing security as a result of any such Related Party Obligation Default. The Subordination Agreement also contains various other typical covenants of the Fund and the Partnership.

The Credit Agreement is secured by substantially all the assets of the Company and most of its subsidiaries, which are also guarantors. The Partnership and the Fund have not guaranteed the Credit Agreement.
